

Intuos3 Optional Accessories

Intuos3 Lens Cursor - The extremely accurate Lens Cursor is the ideal tool for CAD/CAE applications and 2D/3D graphics applications. The rotating Lens Cursor gives both left-handed and right-handed users perfect line of sight with personal preference and comfort.

* Intuos3 Lens Cursor works only on PTZ-1230 & PTZ-1231W.

Intuos3 Art Pen -

With six dimensions of pen control, the new Art Pen offers you 360 degrees of barrel rotation, allows you to tilt the pen in any direction, and easily change pen position on the fly. Features include 1,024 levels of pressure-sensitivity, both hard plastic and felt nibs for different "feel", and use of patented cordless, battery-free technology for reliable and consistent operation. (a Standard nib, 2 Felt nibs and a pen stand are included.)

Intuos3 Classic Pen -

It is thinner than the standard Intuos3 Grip Pen, just ideal people who have smaller hands.

Intuos3 Airbrush -

The Airbrush is tilt sensitive and has a pressure-sensitive tip and eraser like the Grip Pen. It also includes a finger wheel to control brush dynamics like flow, colour, scatter and opacity. (3 Standard nibs, a Felt nib, a Stroke nib and a pen stand are included.)

Intuos3 Ink Pen -

The Ink Pen includes both a standard nib and an inking tip that writes in black ink. It is useful for signing documents while capturing digital signature data, or for tracing and creating line art while drawing on paper that is on top of the tablet's active area. (2 Polyathetal nibs, 3 black ink refills and a pen stand are included.)

Intuos3 Mouse - It delivers around 4 times the resolution of an optical mouse, 5 programmable buttons for easy access to frequently used modifiers, keystrokes or clicks, plus a scroll wheel that works on both PC and Macintosh platforms. All the mouse settings can be customized in the Wacom control panel.

Intuos3 Grip Pen - 3 Standard nibs, Standard nibs - 5 pieces, a Felt nib, a Stroke nib and a pen stand are included. Felt nibs - 5 pieces.

Stroke nibs - 5 pieces.

Accessory kit for Intuos3 Grip Pen - a rubber sleeve without a hole, a side switch knob, Standard nibs (5 pieces), Stroke nibs (5 pieces), Felt nibs (5 pieces) and nib removal tool are included.

Customization of Intuos3

Customize your drawing experience

Intuos3 includes 3 different pen nibs - "Standard pen nibs (3 pcs)", a "Stroke nib" that includes a dual-spring action for extended tip travel and a more brush-like response, and a "Felt nib" that is formulated to increase the friction between the pen tip and the tablet surface, resulting in more of a "pencil on paper" feel. A nib removal tool is also included to easily change between different nibs. Now you can even customize the way your drawing style "feels" on your Intuos3.

Customizable tablet driver

Wacom's exclusive tablet control panel allows customization of all the aspects of the Intuos3 pen, mouse, and tablet features. The Intuos3 control panel has been totally redesigned and streamlined to optimize the way Wacom customers typically work. It provides application and tool-specific settings, from the pressure sensitivity of the tip and eraser to the programming of the Touch Strips, ExpressKeys and DuoSwitch buttons.

Intuos3 is a powerful creative tool, ideal for professional Photographers, Illustrators, Designers, Animators and Video Editors!

The advantage of using Intuos3

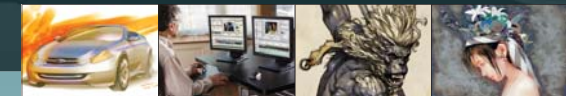

Ergonomics is more crucial for graphics and imaging users because of extended work schedules that require prolonged computer input with a mouse or mouse alternative. When working long hours with graphics applications, users are more subject to repetitive stress, which can limit work schedules. With multiple tools available, Intuos3 addresses repetitive stress injury (RSI) related issues far better than a standalone mouse or trackball can.

Seriously-enhanced, Interactive & Creative

Cutting-edge, Revolutionary tool wide enough for your creativity

intuos₃
Graphics tablet system for professionals

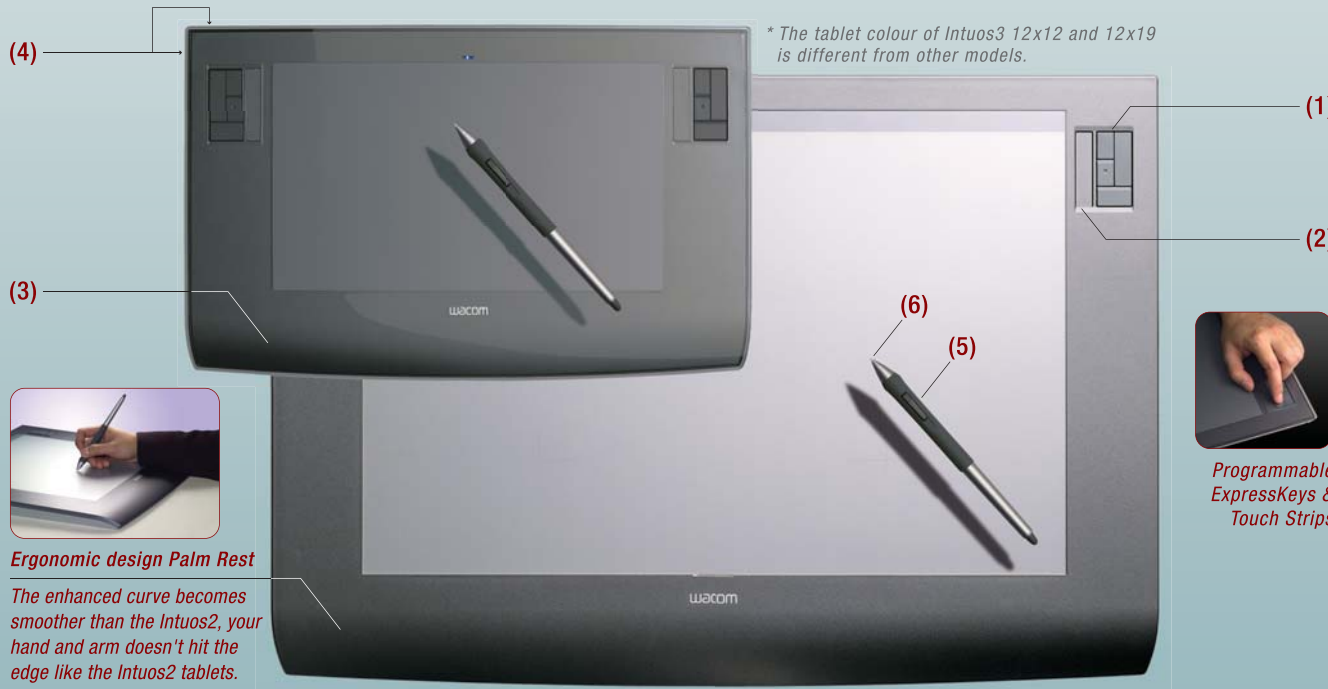

wacom

Intuos3 introduces a New Line-up to boost your productivity

intuos₃ 12X12 (A4 Oversize)

ExpressKeys and Touch Strips

- Strategically placed programmable ExpressKeys and Touch Strips that dynamically boost your productivity.
- ExpressKeys are "chordable" and can be used for mouse clicks, modifier keys, and keyboard shortcuts. ----- (1)
- Finger-sensitive Touch Strips for quick scrolling, zooming, brush size control, and more. ----- (2)

Ergonomic design Palm Rest

The enhanced curve becomes smoother than the Intuos2, your hand and arm doesn't hit the edge like the Intuos2 tablets.

Grip Pen

- 1,024 levels of tip and eraser Pressure Sensitivity to realize your most subtle expressions with accuracy.
- Cushioned, contoured grip with programmable DuoSwitch for comfort and productivity. ----- (5)
- Patented cordless & battery-free technology for a natural feel and superior performance.
- Three nib styles included for a variety of "feels". ----- (6)
- ± 60 degrees of Tilt Sensitivity adds extra dimension to your creative control.

NEW Tablet Size and Format

- Ergonomic design with sloping, contoured palm rest which is smoother than the Intuos2. It makes designers' strokes much more natural and comfortable. ----- (3)
- Two-way channel for USB cable exit (rear or side exit) for greater workspace flexibility. ----- (4)
- Enhanced electronics for doubled resolution of 5,080 lpi.

* The tablet colour of Intuos3 12x12 and 12x19 is different from other models.

Pen Stand

The new compact, conical pen stand holds the pen in either a **horizontal** or **vertical** position for easy access.

Ideal tool for Industrial Design

For industrial design rendering, the beauty of each stroke is extremely important!

"Intuos Delivers Smooth Strokes for Car Design" ----- **Damian Chia**
Innovative Asian Automotive Designer

Intuos3 12x12 and Corel Painter is a perfect match!

An unlimited number of colours

"Rendering with Intuos and Painter, you can use an unlimited number of colours and strokes. On the other hand, with traditional markers, you can use only a maximum of 400 colours. In Corel Painter, you can enlarge and shrink the brush size very quickly and frequently with ease." < Damian

© Damian Chia

Rotate your artwork at an instant and as you like

"If you use Painter, by pressing Option + Space key on a Mac (Alt + Space key on Windows) and moving the pen as if you draw a circle, you can rotate the artwork on the screen at real time. This allows for natural curve strokes at any angle; as like drawing traditionally on paper, as you rotate the paper to follow a curve stroke with your arm. Then, by pressing Option + Space key on a Mac (Alt + Space key on Windows) and clicking the tablet with the pen-tip, the rotated sketch will return to the original angle." < Damian

When working with 19" or larger monitor, the 12x12 tablet is the best size for rendering or drawing large Bézier curves in Illustrator because of its 1:1 relation between tablet and monitor!

Bundled Software

COREL Painter Essentials 3 For: All Models

The leading natural media painting application takes full advantage of Intuos3's functionality. It includes more than 50 pressure-sensitive, natural media brushes and a mix of papers, nozzles and patterns, providing for some serious creative fun.

System requirements -
Windows: Windows® 2000, XP, Intel® Pentium® 200MHz or greater, 128MB of RAM, 1024 x 768 display, 24-bit colour.
Macintosh: Power Macintosh® G3 or greater with Mac OS 9 (9.2.2 or higher), Mac OS X (10.2 or higher), 128MB of RAM, 1024 x 768 display, 24-bit color.

Adobe Premiere Elements 2.0 For: PTZ-431W, PTZ-631W

Adobe® Premiere® Elements 2.0 software makes it easy to create home videos like a famous director. And it's brought to you by the makers of Adobe Photoshop, the #1 image-editing software in the world. Harness the power of a Hollywood studio with special effects, titles, credits, and Dolby Digital sound. Then show your personal masterpiece to family and friends.

System requirements -
Intel® Pentium® 4, M, D, or Extreme Edition or AMD Opteron or Athlon 64 (SSE2 support required), Microsoft® Windows® XP Professional, Home Edition, or Media Center Edition with Service Pack 2, 256MB of RAM, 4GB of available hard-disk space, DVD-ROM drive (compatible DVD burner required to burn DVDs), 1,024x768 16-bit XGA display, Microsoft DirectX 9 compatible sound and display drivers, DV / i.LINK / FireWire / IEEE 1394 interface to connect a Digital 8 or DV camcorder, or a USB2 interface to connect a DV-via-USB-compatible DV camcorder (other video devices supported via the Media Downloader).

Adobe Photoshop Elements 5.0 Win / 4.0 Mac For: PTZ-630, PTZ-930

Easily tell great stories with your photos. Powerful yet easy-to-use Adobe® Photoshop® Elements software helps you make your photos look their best with step-by-step editing assistance and amazing compositing capabilities. Turn your desktop into your own digital photo editing suite and darkroom.

System requirements-
Windows: Intel® Pentium® 4 or Intel Celeron® (or compatible) 1.3GHz processor (dual-core and hyper-thread support) Microsoft® Windows® XP Professional, Home Edition, or Media Center Edition 2005 with Service Pack 2, 256MB of RAM (512MB recommended), 1.5GB of available hard-disk space, color monitor with 16-bit color video card, 1,024x768 monitor resolution, Microsoft DirectX 9 compatible display driver, CD-ROM drive
Macintosh: PowerPC® G3, G4, or G5 processor, Mac OS X v.10.3 or 10.4, 256MB of RAM, 750MB of available hard-disk space, 1,024x768 16-bit (XGA) display, CD-ROM drive
