Control & COMFORT

PRESSURE-SENSITIVE ERASER

Eraser deliver 2,048 levels of pressure sensitivity

NEW TIP SENSOR

The new Wacom Tip Sensor captures the slightest nuance of pressure with precision, accuracy and stability.

CUSTOMISABLE SIDE SWITCHES

User-defined buttons are preset to "right-click" and "double-click," or can be set to your most commonly used functions.

Features & FLOW

Premier Experience

You spoke and we listened. The new design and features of Intuos4 were all inspired by suggestions and comments from our professional community. The result is a pen tablet with truly natural feel, unparalleled performance, superb comfort, and packed with features specifically designed to improve workflow. Intuos4 is the premier pen tablet experience.

A TURN FOR THE BETTER

The user-defined Touch Ring with toggle functionality provides intuitive control of scrolling, zooming, brush size, canvas rotation or layer selection.

SEE THE KEYS TO SUCCESS

Intuos4 M, L and XL feature ExpressKey Displays for quick visual reference of your shortcut settings.

LET YOUR WORK FLOW

Ergonomic design, new radial menus, precision mode, display toggle, and the aforementioned ExpressKey Displays were all designed to help you work faster, better, and happier.

AS NATURAL AS YOUR FAVOURITE PEN

Intuos4 uses newly developed pen sensor technology that represents a significant improvement in feel and performance, plus double the pressure sensitivity. You will feel the difference with every stroke.

NATURAL FEEL

New second generation Wacom Tip Sensor precisely simulates the feel of your favourite writing instrument.

PRESSURE SENSITIVITY

With 2,048 levels of pressure sensitivity, you will experience greater control and high quality results.

PRECISION MODE

New precision mode setting allows for easier fine tuning and modifications at the pixel level.

AMBIDEXTROUS USE

Reversible tablet design puts ExpressKeys in the correct position for right-handed or left-handed users.

ERGONOMIC DESIGN

Sloping palm rest and complete hand support on the tablet guarantees hours of comfortable use.

SOFTWARE INTEGRATION

Best-in-class integration with leading software applications by Adobe®, Autodesk® and Corel® for realistic, intuitive pen control.

CUSTOMISABLE EXPRESSKEYS

Conveniently located ExpressKeys enable application-specific shortcuts and modifiers for enhanced productivity.

EXPRESSKEY DISPLAYS

Illuminated OLED displays (except Small) provide instant visual reference for current ExpressKey functions.

RADIAL MENUS

Fully customizable on-screen settings for enhanced workflow.

TOUCH RING

Provides intuitive control of functions such as scroll/zoom, brush size, canvas rotation and layer selection.

TOUCH RING TOGGLE

Toggle between the four touch ring functions with the push of a button.

WIDE FORMAT TABLET

Wide tablet pairs beautifully with widescreen monitors and display toggle allows for seamless use with dual monitors.
